# Considering a career in Primary Teaching?

Join Inspiring Future Teachers HISP for one of our free, in-person events designed to help you explore your next steps into teaching - especially if you've been thinking about it for a while.

These sessions are ideal for:

- Parents, Learning Support Assistants (LSAs), and anyone with a passion for working with children
- Those curious about how to get into teaching, particularly in primary education

Each session includes:

- A short presentation at the start of each hour
- A friendly Q&A with experienced teachers and programme leads — your chance to ask anything!

Whether you're ready to apply or just starting to explore the idea, we'd love to meet you. We'll send you a reminder with full event details closer to the time. See you there!
