

LO: To identify and locate a range of habitats

Who lives where?

Match the **habitat** to the correct animal

What do you think a habitat might be?

Watch the video clip and complete the sheet below! What must a good habitat have? Tick the important boxes

<https://www.youtube.com/watch?v=ZrSWYE37MJs>

Lots of shelter	
Looks nice	
Food and water	
Safe and protected	
Bright and sunny	

There are habitats everywhere, even around you right now...

Mr Perkins found a snail in his football boots!

What habitats you can find? This might be in your house, garden or somewhere else. What animals live in this habitat?

Draw your favourite habitat you have found!

Challenge - What's the strangest habitat you can find?
