

FRENCH

Year 4

- Bonjour tout le monde!
- Hello everyone. I hope you are all well!
- I have given you some French work but you really need to hear the language being spoken.
- If you use the link on the next page, you will be able to find all sorts of clips which will practise some of the things you know already and teach you new words and phrases.
- It says KS3, but these pages are relevant for all of you.
- Don't worry if you find it tricky at the moment. All of this will be covered in class when I see you next!

- Start with a bit of moving around to get your brain going! You could do this one each time you do French to get you in the mood!

- 1) Spend some time on the 'Pronouncing words in French' clips. Don't do it all in one go, you can do a few each time you do French. They will remind you what each word should sound like.
 - 2) Watch the short clip on the silent letters too. It's only a minute long!
 - 3) How much of Introducing Yourself can you remember?
