- Start with a bit of moving around to get your brain going! You could do this one each time you do French to get you in the mood!

Watch the film in the clip below. Papo spends a day in a classroom in a French school. See if you can answer the questions afterwards.

Did you notice that children in France don't wear school uniform?

All children have a hot lunch at school. No-one has sandwiches.

- 1) What is the name of the girl who Papo meets first?
- 2) What does she say to him when they meet?
- 3) How do you say 'thank you' in French?
- 4) What is the boy's name?
- 5) How many names do you hear the teacher call?
- 6) How many items that we use at school does Papo learn the word for?

How well did you listen?

Match up the French words with the English meaning. Watch the video again if you need to.
