

Merdon Junior School

Year 6 Home Learning Aiming High

Your child should pick one task over the next half term to complete. These tasks have been compiled using children's suggestions from previous years, so we hope that this is an enjoyable experience for you and your child!

It is your child's choice which activity they choose. They should spend some time to be creative and thoughtful in their approach and presentation. We would ask that Home Learning should be completed with care, and this should be reflected in what they present/create. Please feel free to give your child support and ideas with these tasks.

- A fact file about Yellowstone National Park or Snowdonia
- A poster/fact file about the wildlife in one or both of the parks.
- A model.
- An information text about the dangers and importance of Yellowstone Park.
- A piece of Art- this can be in any medium.
- A record of a trip to Snowdonia: a diary, a visual record through photographs or film.
- Make some land art based on Yellowstone Park or Snowdonia and photograph it-see Andy Goldsworthy's work
- Why are National Parks important? An environmental study.
- If you have an idea that is not on the list, then please use this option to complete an activity of your own choice!

Please make sure all posters are no bigger than A3 and model the size of a shoe box. We can't wait to see these so get working on your first piece of the year! All work is to be in by 11th October 2018. The top 5 from each year group, voted by the pupils, will be on display in the classrooms during the Parent Outcome: from 14.00 on the 17th October 2018.
