

Merdon Junior School

Year 3 Home Learning

Roaming Romans

Your child should pick one task during the next few weeks of learning to complete to a high standard. These tasks have been compiled using the children’s own suggestions, so we hope that this is an enjoyable experience for you and your child!

It is your child’s choice which activity they choose. They should spend some time to be creative and thoughtful in their approach and presentation. We would ask that Home Learning should be completed with care, and this should be reflected in what they present/create. Please feel free to give your child support and ideas with these tasks

- Design and create a Roman mosaic picture
- Find and make a Roman recipe
- Have a trip out – Visit the Winchester City Museum (Roman Floor, Fishbourne Palace. What can you report back to the class)
- Research an area of Roman Life and present your findings. (Food, Clothing, Leisure activities)
- Make a model of a Roman building of your choice
- Try using Roman numerals to do some maths. Present your findings.
- Create your own Roman March
- Science – What can you find out about forces and magnets. Present your findings.
- If you have an idea that is not on the list, then please use this option to complete an activity of your own choice!

We can’t wait to see these and we look forward to sharing them with the class. Home Learning should be in by Monday 1st April and will be displayed during our parent outcome.
