

Merdon Junior School

Year 3 Home Learning

Plastic Planet

Your child should pick one task during the next few weeks of learning to complete to a high standard. We hope that this is an enjoyable experience for you and your child!

We would ask that Home Learning should be completed with care, and this should be reflected in what they present/create. Please feel free to give your child support and ideas with these tasks and encourage their **creativity**.

What would we like you to do?

Task : To create your Home learning in a shoe box

This is your chance to get creative. In your shoe box (on its side – open at the front) create a scene linked to our theme. Ideas...

- Create a beautiful landscape. Forest/Under the sea/beach/etc
- Create a landscape which has been ruined by rubbish.
- Create a piece of art work (inside the box using recycled materials/plastic
- Create a garden full of growing plants (real or paper etc) – linked to our science.
- Make a model of a bridge like the one in our story. Can you use any recycled materials?

As soon as you are ready, let us know so you can share with the class.

We can't wait to see these and we look forward to sharing them with the class. Home Learning should be in school by Monday 20th May.
