

# Maths Homework

**Set:** Thursday 29th March **Due in:** Monday 16th April

Having completed some test papers this week, your child has identified the following areas for revision. This is based upon the questions they found challenging.

Please use the revision guides to help and refer to the year 6 page on the school website for additional assistance.

We have also given your child a revision booklet – 10 minutes a day for 10 days. The answers to this (and the SPaG booklet) will be on the school website.
