

Merdon Junior School

Year 5 Home Learning

Rivers

For home learning this term we would like your child to do a study of either The River Test or the River Itchen.

This study can be presented in any way, as always be creative. Visit the river you choose to study.

Below are some ideas but feel free to come up with your own.

- A leaflet on the Itchen Navigation.
- A documentary about the journey of the river, visit the source, river and mouth.
- A promotion poster about the wildlife along the river.
- Why are chalk streams important? An information leaflet.
- A model of the river's journey labelling: towns, tributaries and other features.
- A child's guide to the wildlife that can be found along the river. (I Spy)
- Walking the river-a guide.

These rivers are both local and extremely beautiful, go out explore and enjoy. Take a picnic, the dog, your bike but don't forget your camera! We look forward to seeing how you present your findings.

Your home learning is due in on 9th July.
