

This week we have started to plan a news article. The children have been reacting to the following statements.

'MP's say-School trips and residential visits should take place
in the school holidays or weekends.'

**'Some MP's think that school trips during
school time should be banned.'**

'With the high demands of the school curriculum MP's are
debating whether schools should ban school trips and residential
visits.'

We would like to know what you think so they can add your opinion to their report.

After our news article will be looking at poetry. Ask your parents or another adult what their favourite childhood poem was. Then type it or write it out so we can create a poetry corner in the classroom.

We look forward to hearing your poems and displaying them in the classroom.

Parent feedback.
