

Set 8.11.17 Due in 8.12.17

Over the next month record the moon phases.

On a clear night you can look at the moon and record what you see. If it's cloudy or the moon is not visible in the night sky go to <https://www.timeanddate.com/moon/phases/> to see the phase of the moon for that night.

					
Date	Date	Date	Date	Date	Date
					
Date	Date	Date	Date	Date	Date
					
Date	Date	Date	Date	Date	Date
					
Date	Date	Date	Date	Date	Date
					
Date	Date	Date	Date	Date	Date

You can use this sheet to record your observations or if you can think of a more creative way then feel free to let your creativity flow.
