

Merdon Junior School

Year 3 Home Learning – Superheroes

Your child should pick one task over this half term to complete.

It is your child's choice which activity they choose. They should spend some time to be creative and thoughtful in their approach and presentation. We would ask that Home Learning should be completed with care, and this should be reflected in what they present/create. Please feel free to give your child support and ideas with these tasks

- **Superheroes Themed**
- Create a new story for Traction Man. Could be handwritten, recorded, typed or cartoon strip.
- Design a new outfit for Traction Man – explain why he is dressed in the way that you have designed. You could make it too.
- Write a diary "A Day in the Life of _____" (super hero of your choice! You could be the superhero from Hook Day)
- Design and make a meal for a superhero – what would they need to eat to boost their superpowers? Make a photo diary of the process and who eats the meal.
- Create and record some superhero music or write a song.
- Make a model of a superhero's vehicle. What special features does it have?

- **Geography Themed...**
- Make a map of a route you often travel through. It could be 2D or 3D.
- Create a poster of your favourite place in the UK.
- Create a map of a town for Traction Man to live in. Use OS symbols and a key.

- If you have an idea that is not on the list, then please use this option to complete an activity of your own choice!

We would ask that all Home Learning is completed and handed into class by 9th December so that children have the opportunity to share their projects.

Please ensure that work is no bigger than A3 if on paper or the size of a shoe box. For larger work, please send a photo version.
