

## Dragons

Four fully grown, enormous, vicious-looking dragons were rearing on their hind legs inside an enclosure fenced with thick planks of wood, roaring and snorting – torrents of fire were shooting into the dark sky from their open, fanged mouths, fifty feet above the ground on their outstretched necks. There was a silvery blue one with long pointed horns, snapping and snarling at the wizards on the ground; a smooth-scaled green one, which was writhing and stamping with all its might; a red one with an odd fringe of fine gold spikes around its face, which was shooting mushroom-shaped fire clouds into the air, and a gigantic black one, more lizard-like than the others, which was nearest to them.
